

AMED & The Hawaii Transformative Annual Meeting and the Future of High Magnification Dentistry.

Todd Goldman

AMED is launching a transformative Restorative and Microscopy event in Honolulu this November and you won't want to miss this opportunity to learn from the best of the best in Biomechanical Dentistry. And what is the future of Microscopy? With alternatives in microscopy, 3D vision, Loupes and the likes of Smart AI Glasses, what does the future hold for magnification in dentistry? Finally, learn about high-magnification and Microscope Certification with AMED.
